

INTERSTATE 30 TEXpress LANES

PROJECT FACT SHEET

TEXAS DEPARTMENT OF TRANSPORTATION

OVERVIEW

A 12-mile section of the I-30 TEXpress Lanes is opened, providing drivers a choice. They can take the mainlanes at no cost or pay to use the TEXpress Lanes, which keep traffic moving 50 mph or faster. Traffic speeds are maintained through dynamic pricing, meaning the price fluctuates based on congestion in the lane.

When fully opened, the 18-mile project will feature concurrent lanes in Tarrant County from west of Center St. to west of SH 161, and reversible lanes from west of SH 161 to Sylvan Avenue in Dallas County. The west portion of the project is expected to open in 2024 with the completion of the SH 360/SH 30 interchange project.

PROJECT DETAILS

- **Open:** I-30 from west of SH 161 to east of Sylvan Avenue
